

My favorite book is « La retraite de Nénette ». This is the first album for kids written and illustrated by Claire Leboeuf.

She self-published it in 2013.

This book had a big success and « l'école des loisirs » decided to publish it again in 2017.

In the beginning of the story, Nénette the Orangutan, 40 years old, lives a peaceful life at « Jardin des Plantes » in Paris.

One day, the director of the zoo proposes to let her go for a well deserved retirement.

She gets a small flat and starts a new life as a Parisian.

I like this book for many reasons:

Orangutans are my favorite animals.

I know Nénette in real life.

The book is very original and the illustrations are very beautiful.

I really recommend « La retraite de Nénette » because it is a funny and touching story. Even adults can read it.

My favorite book is Les fiancés de P-River. The author is Christelle Dabos and this book was published in twenty thirteen by the publisher Gallimard Jeunesse. It is the first book of the author and it is a very popular heroic fantasy book.

It's the story in the past of Ophélie, a special girl because she has the power of the past and crossing mirrors. Ophélie is forced to be married to Thorn a bad man of the dragon clan in the imaginary kingdom. Ophélie leaves her family to join her new husband. Ophélie becomes a toy of a dead boxing plot. Will she succeed to escape this adventure? Read this book to know!

I love this book because it is well written and not scary but strange. My favorite character is Ophélie because she is intelligent and very clumsy so she is funny. I hate Thorn but I love his sister Isabelle because she helps Ophélie. This book is filled with magic and very schemes.

For me it is a very extraordinary book! If you like magic, adventure, schemes stories and strangers books, this book is for you!

REVIEW OF MY FAVOURITE BOOK

My favourite book is « La voix du volcan » by Evelyne Brisou-Pellen published in 1993 by Rageot. It was Evelyne Briosou-Pellen's fifty eight book because she has been writing since 1978. The book was really appreciated by the critics. This book is also based of the real story of the Pelé mountain volcano.

The story takes place in Martinique in 1902 with a young girl named Lucie who lives with her grand father, a very strict man. One day, she meets a girl, Amétise but their friendship is forbidden because Amétise is black and Lucie's grand father hates black slaves...but suddenly, the volcano starts rumbling strangely...

I recomanded this amazing book because it has a good writing style, many descriptions and a scary suspense but it is also an incredible and lovely book.

So if you want to read a mind-blowing and revelant book about injustices in the past but also a great aventure, read this !

The review of my favourite book

My favourite book is Louis Braille, the child of the night by Margaret Davidson. It was published by Gallimard Jeunesse in the collection Folio Cadet in 2018. It's a biography.

In the XIXe century, at 3 years old, Louis Braille became blind because of an accident. At 10 years old, Louis left his family for the Institute for the blind in Paris. At the time, the courses given to the blind were minimal. But the young Louis wanted to be independent and read books alone.

I think this book is well written, it tells every moment of Louis Braille's life well. This biography is topical. It is quick and easy to read.

In my opinion, this book is interesting because it tells the biography of Louis Braille and how he invented the reading method for the blind.
